TRADEMARK SECURITY AGREEMENT

THIS TRADEMARK SECURITY AGREEMENT, dated as of July 21, 2021 (this "Agreement"), is made by each of the entities listed on the signature pages hereof (each a "Grantor" and, collectively, the "Grantors"), in favor of JPMorgan Chase Bank, N.A. (in such capacity and together with its successors and permitted assigns in such capacity, the "Lender").

WITNESSETH:

WHEREAS, reference is made to that certain Credit Agreement dated as of July 21, 2021 (as it may be amended, restated, amended and restated, supplemented or otherwise modified from time to time, the "Credit Agreement"), the Borrowers (as defined therein), the other Loan Parties (as defined therein) from time to time party thereto, and JPMorgan Chase Bank, N.A., as Lender;

WHEREAS, each of the Grantors is party to that certain Pledge and Security Agreement dated as of July 21, 2021 (as the same may be amended, restated, amended and restated, supplemented or otherwise modified from time to time, the "Security Agreement"), in favor of the Lender, for the benefit of the Secured Parties, pursuant to which the Grantors are required to execute and deliver this Trademark Security Agreement;

NOW, THEREFORE, in consideration of the premises and to induce the Lender to enter into the Credit Agreement and to induce the Lender to make the extension of credit to the Borrowers upon the terms and subject to the conditions thereunder, each Grantor hereby agrees with the Lender as follows:

Section 1. Defined Terms. Capitalized terms used herein without definition are used as defined in the Security Agreement.

Section 2. Grant of Security Interest in Trademark Collateral. Each Grantor, as collateral security for the prompt and complete payment and performance when due (whether at stated maturity, by acceleration or otherwise) of the Secured Obligations of such Grantor, hereby pledges and grants to the Lender, for the benefit of the Secured Parties, a security interest in the following Collateral of such Grantor (the "Trademark Collateral"):

- (a) all of its Trademarks and all IP Licenses providing for the grant by or to such Grantor of any right under any Trademark, including those referred to on Schedule 1 hereto;
- (b) all renewals of the foregoing;
- (c) all goodwill associated therewith; and
- (d) all income, royalties, proceeds and Liabilities at any time due or payable or asserted under and with respect to any of the foregoing, including all rights to sue and recover at law or in equity for any past, present and future infringement, misappropriation, dilution, violation or other impairment thereof. Notwithstanding the foregoing, there shall be no security interest or Lien on any U.S. Trademark application that is filed on an "intent-to-use" basis (until such time as a statement of use or amendment to allege use is filed with respect to such application and duly accepted by the United States Patent and Trademark Office).

Notwithstanding the foregoing, there shall be no security interest or Lien on any Intellectual Property if the grant of a Lien on or security interest in such Intellectual Property is prohibited by law or would result in the abandonment, impairment, cancellation or voiding of any right, title or interest in such Intellectual Property.

Section 3. Pledge and Security Agreement. The security interest granted pursuant to this

Trademark Security Agreement is granted in conjunction with the security interest granted to the Lender, for the benefit of the Secured Parties, pursuant to the Security Agreement, and each Grantor hereby acknowledges and agrees that the rights and remedies of the Lender with respect to the security interest in the Trademark Collateral made and granted hereby are more fully set forth in the Security Agreement, the terms and provisions of which are incorporated herein by reference, *mutatis mutandis*, as if fully set forth herein, and the parties hereto agree to such terms. In the event that any provision of this Trademark Security Agreement conflicts with any provision of the Security Agreement, the Security Agreement shall govern.

Section 4. Grantor Remains Liable. Each Grantor hereby agrees that, anything herein to the contrary notwithstanding, such Grantor shall retain full and complete responsibility for the prosecution, defense, enforcement or any other actions it deems necessary or desirable in connection with their Trademarks subject to a security interest hereunder.

Section 5. Recordation. Each Grantor authorizes and requests that the United States Patent and Trademark Office record this Trademark Security Agreement.

Section 6. Counterparts. This Trademark Security Agreement may be executed by one or more of the parties to this Agreement on any number of separate counterparts (including by telecopy), and all of said counterparts taken together shall be deemed to constitute one and the same instrument. Delivery of an executed counterpart of a signature page of this Agreement by facsimile or other electronic transmission (including PDF or TIFF format) shall be effective as delivery of a manually executed counterpart of this Agreement.

Section 7. Governing Law. **THIS TRADEMARK SECURITY AGREEMENT AND THE RIGHTS AND OBLIGATIONS OF THE PARTIES HEREUNDER SHALL BE GOVERNED BY, AND CONSTRUED IN ACCORDANCE WITH, THE INTERNAL LAWS OF THE STATE OF NEW JERSEY, BUT GIVING EFFECT TO FEDERAL LAWS APPLICABLE TO NATIONAL BANKS.** In addition, the provisions of Sections 7.17 and 7.18 of the Security Agreement are hereby incorporated herein by reference and shall apply to this Agreement, *mutatis mutandis*, with the same force and effect as if fully set forth herein and the parties hereto agree to such terms.

Section 8. Loan Document. This Agreement constitutes a “Loan Document” under and as defined in the Credit Agreement and is subject to the terms and provisions therein regarding Loan Documents.

(Signature pages follow)

IN WITNESS WHEREOF, each Grantor has caused this Trademark Security Agreement to be executed and delivered by its duly authorized officer as of the date first set forth above.
