## PATENT & TRADEMARK ASSIGNMENT

This Patent and Trademark Assignment, dated August 25, 2021 is made by and between AAR CORP., a Delaware corporation located at 1100 N. Wood Dale Road, Illinois 60191, U.S.A. ("Assignor"), and AAR Manufacturing, Inc., an Illinois corporation located at 1100 N. Wood Dale Road, Illinois 60191, U.S.A. ("Assignee");

**WHEREAS**, Assignor is the owner of the entire right, title and interest in and to the patents, patent applications, design registrations, and design applications listed in Schedule A, and the inventions described and claimed therein, and the Trademark applications and registrations listed in Schedule B, attached hereto (the "Intellectual Property Rights");

**WHEREAS**, Assignee is desirous of acquiring the entire right, title and interest in and to the Intellectual Property Rights; and

**NOW, THEREFORE**, for and in consideration of the sum of ten US dollars (\$10.00) and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties agree as follows:

Section 1.1 Patent Assignment Assignor hereby sells, transfers, conveys, assigns and delivers to Assignee, and Assignee hereby purchases and accepts from Assignor, all of Assignor's rights, title and interest in the patents, patent applications, design registrations, and design applications listed in Schedule A, all priority rights thereto, all continuations, continuations-in-part, divisions, reexaminations and reissues thereof, all letters patent that issue therefrom, and in and to the inventions described and claimed therein, together with the right to recover past, present and future damages for all infringements thereof, including, but not limited to, the exclusive rights to (a) bring actions, defend against or otherwise recover for infringements, and the right to the profits or damages due or accrued, arising out of or in connection with any and all past, present or future infringements of the patents, (b) apply for, make filings with respect to and maintain all issuances, renewals and extensions thereof, and (c) all other rights of any kind whatsoever of Assignor accruing thereunder.

Section 1.2 Trademark Assignment Assignor hereby assigns to Assignee all right, title and interest in and to the Trademarks and the registrations therefor listed in Schedule B and throughout the world together with all common law rights related thereto, with the goodwill of the business symbolized by the Trademarks in the United States or any other countries, along with the right to sue and recover for, and the right to profits, royalties, license fees, income, payments, claims, penalties, proceeds or damages due or accrued arising out of or in connection with any and all past, present and future infringements or dilution of or damage or injury to the Trademarks or such represented goodwill.

Section 1.3 Acknowledgement Assignor hereby acknowledges and agrees that from and after the execution date hereof, as between the Parties, Assignee shall be the exclusive owner of the Intellectual Property Rights.

Section 1.4 Cooperation This Assignment has been executed and delivered by the Assignor to be used for recording the Assignment herein with the appropriate government entities. At Assignee's sole cost and expense, Assignor shall execute and deliver such other documents and

Patent & Trademark Assignment

take all other actions which Assignee, its successors and/or assigns may reasonably request to effect the terms of this Assignment and to perfect Assignee's right, title and interest in and to the Intellectual Property Rights, including, without limitation, its recordation in relevant state and national patent offices.

Section 1.5 General Provisions. This Assignment constitutes the entire understanding and agreement of the parties hereto with respect to the subject matter hereof and supersedes all prior and contemporaneous agreements or understandings, inducements or conditions, express or implied, written or oral, between and among the parties with respect hereto. This Assignment may not be supplemented, altered, or modified in any manner except by a writing signed by all parties hereto. The failure of any party to enforce any terms or provisions of this Assignment shall not waive any of its rights under such terms or provisions. This Assignment shall bind and inure to the benefit of the respective parties and their assigns, transferees and successors.

Section 1.6 Counterparts. This Assignment may be executed in counterparts, each of which will be an original as regards any party whose signature appears thereon and both of which together will constitute one and the same instrument.

**IN WITNESS WHEREOF**, the parties hereto have caused this Assignment to be duly executed and delivered by their proper and duly authorized officers as of the day and year first above written.

Acknowledged and agreed to by:
