**RELEASE OF INTELLECTUAL PROPERTY SECURITY INTERESTS**

This **RELEASE OF INTELLECTUAL PROPERTY SECURITY INTERESTS**, is granted and conveyed as of January 27, 2022 (the "Release") by **CREDIT SUISSE AG, CAYMAN ISLANDS BRANCH**, as Collateral Agent ("Collateral Agent") in favor of **PHOTONIS DEFENSE, INC.**, a corporation of the Commonwealth of Pennsylvania, **PHOTONIS SCIENTIFIC, INC.**, a Delaware corporation, **PHOTONIS NETHERLANDS B.V.**, a *besloten vennootschap met beperkte aansprakelijkheid* incorporated under the laws of The Netherlands under registered number 01152556, having its official seat at Roden, The Netherlands and its principal place of business at Dwaziewegen 2, 9301 ZR Roden, The Netherlands, and **PHOTONIS FRANCE SAS**, a *société par actions simplifiée* incorporated under the laws of the Republic of France under registration number 383 300 597 RCS Brive, with registered capital of Euro 10,000,000, having its registered office at Av. Roger Roncier, 19100 Brive, France (each, a "Grantor," and collectively, "Grantors") and is made with reference to the Credit Agreement and Security Agreement, both dated as of September 18, 2013 (each, as amended from time to time, the "Loan Agreements"), between Collateral Agent, Grantors and the other parties named therein. Terms defined in the Loan Agreements have the same meaning when used in this Release.

WHEREAS, the Collateral Agent and Grantors are parties to an Intellectual Property Security Agreement dated as of September 18, 2013 (the "IP Security Agreement"), which was recorded on September 20, 2013 with the United States Patent and Trademark Office at Reel/Frame 031247/0396 (patents) and 005114/0938 (trademarks);

WHEREAS, the Collateral Agent and some Grantors are parties to an Amended and Restated Security Agreement, dated as of July 1, 2018 (the "A&R IP Security Agreement"), which was recorded on February 16, 2019 with the United States Patent and Trademark Office at Reel/Frame 048357/0067;

WHEREAS, pursuant to the IP Security Agreement and A&R IP Security Agreement, Grantors pledged and granted to Collateral Agent a continuing security interest in, and liens on, their right, title and interest in and to the Intellectual Property Collateral, other than Excluded Property, in each case, as to each type of property described below, whether owned or after-acquired by Grantors, wherever located, and whether existing or arising (collectively, the "Collateral");

(i) all patents, patent applications, utility models, statutory invention registrations and all inventions claimed or disclosed therein and all improvements thereto set forth in Schedule A hereto (the "Patents");

(ii) all trademarks, trademark applications, service marks, domain names, trade dress, logos, designs, slogans, trade names, business names, corporate names and other source identifiers, whether registered or unregistered set forth in Schedule B hereto (provided that no security interest shall be granted in United States "intent-to-use" application for registration of a trademark filed pursuant to Section 1(b) of the Lanham Act, to the extent that, and solely during the period, if any, in which, the grant of a security interest therein would impair the validity or enforceability of such intent-to-use application under applicable law, rule or regulation), together, in each case, with the goodwill symbolized thereby (the "Trademarks");

(iii) all copyrights, together with any moral rights, including, without limitation, copyrights in Computer Software (as defined in the Security Agreement),

internet web sites and the content thereof, whether registered or unregistered set forth in Schedule C hereto (the "Copyrights");

(iv) all reissues, divisions, continuations, continuations-in-part, extensions, renewals and reexaminations of any of the foregoing, all rights in the foregoing provided by international treaties or conventions, all rights corresponding thereto throughout the world and all other rights of any kind whatsoever of such Grantors accruing thereunder or pertaining thereto;

(v) any and all claims for damages and injunctive relief for past, present and future infringement, dilution, misappropriation, violation, misuse or breach with respect to any of the foregoing, with the right, but not the obligation, to sue for and collect, or otherwise recover, such damages; and

(vi) any and all proceeds of, collateral for, income, royalties and other payments now or hereafter due and payable with respect to, and supporting obligations relating to, any and all of the Collateral of or arising from any of the foregoing;

provided that notwithstanding anything to the contrary contained in the foregoing clauses (i) through (vi), the security interest did not extend to, and the term "Collateral" did not include, any Excluded Property.

WHEREAS, Grantors have paid off all amounts due and owing under the Loan Agreements; and

WHEREAS, Grantors have requested that Collateral Agent terminate, release and reassign its security interest in, to and under all of the Collateral, including, but not limited to, all of the goodwill of the business symbolized thereby.

NOW, THEREFORE, for good and valuable consideration, the receipt and adequacy of which the parties acknowledge, Grantors and Collateral Agent hereby agree as follows:

1. All of Collateral Agent's security interests, grants, liens, pledges, mortgages, and other encumbrances of any kind whatsoever created against the Collateral pursuant to the IP Security Agreement and the A&R IP Security Agreement ("Security Interests") are hereby automatically terminated, released and discharged, and the Collateral Agent shall sign any further documents reasonably requested by Grantors and do such other acts that Grantors (or their agents or designees) reasonably request, including filings with the United States Patent and Trademark Office and the United States Copyright Office, in order to effect the termination, release and discharge of all of the Security Interests. Collateral Agent hereby authorizes Grantors, or Grantors' authorized representatives, to record this Release with the United States Patent and Trademark Office and the United States Copyright Office.
2. If and to the extent that Collateral Agent has acquired any right, title or interest in or to any of the Collateral, it hereby assigns and transfers such rights, title or interest to the Grantors, along with any goodwill in the Trademarks that Collateral Agent may have acquired.
3. This Release shall be binding upon and inure to the benefit of the parties hereto and their respective successors and assigns. This Release and any amendments, waivers, consents or supplements hereto may be executed in any number of counterparts and by different parties hereto in separate counterparts, each of which when so executed and delivered shall

be deemed to be an original, but all such counterparts together shall constitute one and the same agreement. Delivery of any executed counterpart of a signature page to this Release by facsimile or other electronic transmission shall be effective as delivery of a manually executed counterpart of this Release.

4. The validity, interpretation and enforcement of this Release and any dispute arising out of the relationship between the parties hereto, whether in contract, tort, equity or otherwise, shall be governed by and construed in accordance with the laws of the State of New York.
