Trademark Assignment Agreement

WHEREAS Xerox Corporation, a corporation incorporated under the laws of New York, with offices at 201 Merritt 7, Norwalk, Connecticut, USA (“*Assignor*”), agrees to assign or cause to be assigned to DocuShare LLC, a limited liability company organized under the laws of Delaware, with offices at 201 Merritt 7, Norwalk, Connecticut 06851-1056, USA (“*Assignee*”) all of Assignor’s right, title and interest in and to the trademarks listed on Exhibit A hereto (the “*Assigned Trademarks*”).

NOW, THEREFORE, for good and valuable consideration, receipt and sufficiency of which are hereby acknowledged, effective as of the date of the last signature below (the “*Effective Date*”):

Assignor hereby assigns, transfers and conveys to Assignee, on a worldwide basis, all of its right, title and interest in and to the Assigned Trademarks together with the associated goodwill in the Assigned Trademarks and in the business, products and services symbolized by the Assigned Trademarks, including any and all rights, priorities and privileges of Assignor under the laws of the United States and any of its states, the laws of any other jurisdiction, multinational law, and any compact, treaty, protocol, convention or organization, subject to such currently outstanding license or use rights to the Assigned Trademarks as currently exist, if any. Without limitation to the generality of the foregoing, with respect to any United States intent-to-use trademark applications included in the Assigned Trademarks (“*ITU Applications*”), the assignment granted hereunder accompanies the transfer of the business or portion of the business of the assignor to which such ITU Applications pertain, and that business is ongoing and existing, or the transfer of such ITU Applications shall not be effective until the expiration of any period during which the assignment thereof would impair, under applicable federal law, the registrability of such ITU Applications or the validity or enforceability of registrations issuing from such ITU Applications.

Assignor also assigns to Assignee (a) all of its right, title and interest in and to all proceeds or damages past, present or future, (b) the right to bring suit and recover damages for past claims or causes of action arising from or relating to the Assigned Trademarks, including infringement and misappropriation, and (c) all applications and registrations for the Assigned Trademarks that Assignor holds or controls, including the right to file additional trademark applications and to all resulting registrations.

The Assigned Trademarks are conveyed subject to any and all licenses, permissions, consents or other rights that may have been granted by Assignor or its predecessors in interest with respect thereto prior to the Effective Date, or by Assignee to Assignor as of the Effective Date.

IN WITNESS WHEREOF, the undersigned has caused this Trademark Assignment to be executed by its authorized representative.
