INTELLECTUAL PROPERTY ASSIGNMENT

This INTELLECTUAL PROPERTY ASSIGNMENT (this “**Assignment**”) is entered into as of October 22, 2021, by and between (i) RGA KOTTI LLC, a Delaware limited liability company (the “**Assignee**”), and (ii) TAIZHOU LVYINWEI TRADING CO., LTD. (台州绿荫卫贸易有限公司), a limited liability company organized under the laws of PRC with its unified code of social credit 91331004MA2APR1Y4B (the “**Assignor**”). Capitalized terms used but not defined herein shall have the respective meanings given to such terms in that certain Asset Purchase Agreement, dated as of the date hereof, entered by and among the Assignee, as the Purchaser, the Assignor, as the Seller, and the Equity Holders (the “**Purchase Agreement**”).

RECITALS

WHEREAS, pursuant to the terms of the Purchase Agreement, the Assignor has agreed to assign to the Assignee the Business Intellectual Property Assets, and the Assignee has agreed to accept such assignment, and the Assignor and the Assignee have agreed to execute and deliver this Assignment for recording with the applicable governmental authorities, including without limitation the U.S. Patent and Trademark Office, and domain name registrars.

NOW, THEREFORE, in consideration for the execution of the Purchase Agreement and the payment of the consideration stipulated in the Purchase Agreement, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, and intending to be legally bound, the Assignor and the Assignee hereby agree as follows:

1. **Sale, Transfer, Assignment, Delivery and Conveyance.** The Assignor does hereby absolutely, unconditionally and irrevocably sell, transfer, assign, deliver and otherwise convey to the Assignee, and the Assignee does hereby purchase, acquire and accept from the Assignor, all of the Assignor’s rights, title and interest, throughout the world, in, to and under the Business Intellectual Property Assets, including without limitation (i) all of the patents and patent applications identified on **Schedule A** hereto, and all issuances, divisions, continuations, continuations-in-part, reissues, extensions, reexaminations and renewals thereof, (ii) all of the registered trademarks and trademark applications identified on **Schedule B** hereto, together with the goodwill connected with the use of and symbolized thereby and all issuances, extensions and renewals thereof, (iii) all of the registered copyrights and copyright applications identified on **Schedule C** attached hereto, together with the goodwill connected with the use thereof, and (iv) all of the domain names identified on **Schedule D** hereto, together with all rights of any kind whatsoever of the Assignor accruing under any of the Business Intellectual Property Assets provided by applicable law of any jurisdiction, by international treaties and conventions and otherwise throughout the world, including without limitation any and all royalties, fees, income, payments and other proceeds now or hereafter due or payable with respect to any of the Business Intellectual Property Assets, and all rights of action and defenses accrued, accruing and to accrue in respect of the Business Intellectual Property Assets, including without limitation the right to sue or otherwise recover for past infringement and to receive all damages, payments, costs and fees associated therewith and to fully and entirely stand in the place of the Assignor in all matters related to all of the foregoing (collectively, the “**Assigned IP**”), in each case free and clear of any Liens. The Assignor hereby waives any moral rights, or rights equivalent thereto, that the Assignor may have in or to the Assigned IP worldwide and any such rights in or to any underlying works which exclusively or primarily relate to the Assigned IP, in each case without compensation or the need for further action by any Person. To the extent that the foregoing waiver is ineffective under applicable law, the Assignor agrees that it shall not assert such moral rights against the Assignee or any other Person. This foregoing assignment is intended to be an absolute assignment and not by way of security.

2. Power of Attorney and Further Assurances. The Assignor hereby constitutes and appoints the Assignee as the true and lawful agent and attorney-in-fact of the Assignor, with full power of substitution and resubstitution, in whole or in part, in the name and stead of the Assignor but on behalf and for the benefit of the Assignee and its successors and assigns, from time to time solely to institute and prosecute, in the name of the Assignor or otherwise, any and all proceedings at law, in equity or otherwise, that the Assignee or its successors and assigns may deem proper to obtain, apply for, register and otherwise secure the Assignee's rights in the Assigned IP. Without limitation of the foregoing, the Assignor agrees to cooperate with the Assignee in taking any action which the Assignee reasonably requests to perfect or enforce the Assignee's rights in the Assigned IP, and the Assignor agrees to execute any and all documents reasonably necessary or appropriate to obtain and enforce copyrights, patents, trademarks and trade secrets in the Assigned IP, including specific assignments of such Assigned IP for particular products or developments, and agrees to execute all lawful papers, make all rightful oaths and other actions reasonably required or necessary to aid the Assignee, its successors and assigns in obtaining and enforcing its rights in and to the Assigned IP in the United States and throughout the world.

3. Counterparts. This Assignment may be executed in two or more counterparts, each of which shall be deemed to constitute an original, but all of which together shall constitute one and the same document.

4. Successors and Assigns. This Assignment shall be binding upon and inure to the benefit of the parties hereto and their respective successors and permitted assigns.

5. Recordation. The Assignor hereby authorizes the Commissioner for Patents, the Commissioner for Trademarks, and any other governmental officials, and the applicable domain name registrars to record and register this Assignment upon request by the Assignee.

6. Entire Agreement. This Assignment is made pursuant to the Purchase Agreement and is subject to the terms thereof. Nothing contained in this Assignment shall be construed to enlarge, limit, modify or alter the rights of the Assignor or the Assignee under the Purchase Agreement. This Assignment is made solely for the purpose of separately evidencing and effectuating certain of the Transactions and, in the event of any conflict or inconsistency between this Assignment and the Purchase Agreement, the terms of the Purchase Agreement shall govern.

7. Miscellaneous. This Assignment, and any and all disputes directly or indirectly arising out of or relating to this Assignment, will be governed by and construed in accordance with the laws of the State of Delaware, without reference to the choice of law rules thereof. Each of the parties hereby irrevocably consents to the arbitration provision set forth in 8.15 of the Purchase Agreement. If any provision of this Assignment is held unenforceable by a court of competent jurisdiction, the other provisions will remain in full force and effect. If legally permitted, the unenforceable provision will be replaced with an enforceable provision that as nearly as possible gives effect to the parties' intent. A waiver of rights under this Assignment will not be effective unless it is in writing and signed by an authorized representative of the party that is waiving the rights. This Assignment may not be amended unless the amendment is in writing and signed by authorized representatives of both parties hereto and stamped with official seal of the Assignor. This Assignment shall be signed by the parties hereto and stamped with official seal of the Assignor.
