**CONFIRMATORY TRADEMARK ASSIGNMENT**

This Confirmatory Assignment of Trademark Rights (“Assignment”) is entered into between **H-Protocol Inc.**, a Delaware corporation with an address of 160 J street, PO Box 2245, Fremont, CA 94536 (“Assignor”) and Hashflow Foundation (“Assignee”), confirming the “IP Assignment Agreement” (attached hereto) executed by Assignor on June 15, 2020 (“IP Assignment Agreement”).

**WHEREAS**, pursuant to the IP Assignment Agreement, Assignor has sold, assigned, transferred, and set over unto Assignee, its successor, legal representatives, and assigns, Assignor’s entire right, title and interest in:

(a) the trademark claimed in United States Trademark Application Serial No. 90882997, filed on August 14, 2021, and United States Trademark Application Serial No. 90883002, filed on August 14, 2021 (the “Trademarks”);

(b) United States Trademark Application Serial Nos. 90882997 and 90883002;

(c) the right to file applications for trademark of the United States or other countries on the Trademarks;

(d) any application(s) for trademarks of the United States or other countries for the Trademarks;

(e) any application(s) for trademarks of the United States or other countries claiming priority to, and/or the benefit of, any application for trademark identified above;

(f) any provisional or other right to recover any and all past, present, and future damages, including royalties, for any and all past, present, and future infringements of any application for trademark identified in the preceding paragraphs (b)-(e);

(g) any trademarks of the United States or other countries that may be granted for any trademark identified in the preceding paragraphs (a)-(e); and

(h) the good will of the business connected with the use of and symbolized by the marks identified in the preceding paragraphs (a)-(e) and (g).

Wherein the above-granted rights, titles, and interests are defined herein as the “Trademark Rights,”

**WHEREAS**, pursuant to the IP Assignment Agreement, Assignor assigned and transferred to Assignee all right, title, and interest in the Trademark Rights,

**WHEREAS**, Assignor and Assignee wishes to confirm that the assignment from Assignor to Assignee was proper in light of the obligations of Assignor to Assignee, and that Assignee is the owner of the Trademark Rights,

**NOW, THEREFORE**, pursuant to and in confirmation of the conveyances made, and of the obligations to do so, and to the extent Assignor has not done so already, Assignor confirms that: a) the assignment(s) of the Trademark Rights by Assignor to Assignee was (were) proper, and not inconsistent with any prior rights of Assignee to trademarks created and/or owned by Assignor; and b) Assignor has sold, assigned, transferred, and set over, and by these presents does sell, assign, transfer, and set over, unto Assignee, its successors, legal representatives, and assigns, Assignor's entire right, title, and interest in the Trademark Rights, for good and valuable consideration received at that time.

The above-granted rights, titles, and interests are to be held and enjoyed by Assignee, for its own use and behalf and the use and behalf of its successors, legal representatives, and assigns, as fully and entirely as the same would have been held and enjoyed by Assignor had this sale and assignment not been made.

Assignor hereby covenants and agrees to and with Assignee, its successors, legal representatives, and assigns, that Assignor will sign all papers and documents, take all lawful oaths, and do all acts necessary or required to be done in connection with any and all proceedings for the procurement, maintenance, enforcement and defense of the Trademark and said applications, without charge to Assignor, its successors, legal representatives, and assigns, but at the cost and expense of Assignee, its successors, legal representatives, and assigns.

Assignor hereby requests the Commissioner of Trademarks to issue said trademarks of the United States to Assignee for the sole use and behalf of Assignee, its successors, legal representatives, and assigns.
