**SECURITY AGREEMENT SUPPLEMENT  
FOR INTELLECTUAL PROPERTY**

SUPPLEMENT (this “Supplement”) dated as of June 21, 2022, to the Amended and Restated Security Agreement dated as of the date hereof (as amended, restated, amended and restated, extended, supplemented or otherwise modified from time to time, the “Security Agreement”) among the Grantors as defined therein, and BANK OF AMERICA, N.A. (“Bank of America”), as administrative agent for the Secured Parties (in such capacity and together with its successors and permitted assigns, “Agent”).

A. Reference is made to that certain Second Amended and Restated Credit Agreement dated as of the date hereof (including all exhibits and schedules thereto, and as amended, restated, amended and restated, extended, replaced, refinanced, supplemented or otherwise modified from time to time, the “Credit Agreement”), by and among R1 RCM Holdco Inc. (the “Initial Borrower”), R1 RCM INC. (the “Ultimate Borrower,” and together with the Initial Borrower, the “Borrower”), the other Persons (as defined therein) party thereto that are designated as a “Credit Party”, Agent and each Lender from time to time party thereto, pursuant to which the Lenders have severally agreed to make Loans, the L/C Issuers to issue Letters of Credit to the Borrower, the Secured Swap Providers to enter into Secured Rate Contracts and the Cash Management Banks to enter into agreements giving rise to Cash Management Obligations upon the terms and subject to the conditions therein.

B. Capitalized terms used herein and not otherwise defined herein shall have the meanings assigned to such terms in the Security Agreement.

C. In connection with the Credit Agreement, the Borrower and the other Grantors (including the IP Grantors (as defined below)) have entered into the Security Agreement in order to induce the Lenders to make Loans, the L/C Issuers to issue Letters of Credit, the Secured Swap Providers to enter into Secured Rate Contracts and the Cash Management Banks to enter into agreements giving rise to Cash Management Obligations. Section 6.14 of the Security Agreement provides that certain Persons may become Grantors under the Security Agreement by execution and delivery of an instrument in the form of this Supplement. The undersigned Persons (each an “IP Grantor” and collectively, the “IP Grantors”) is executing this Supplement in accordance with the requirements of the Credit Agreement in order to induce the Lenders to make Loans, the L/C Issuers to issue Letters of Credit, the Secured Swap Providers to enter into Secured Rate Contracts from time to time and the Cash Management Banks to enter into agreements giving rise to Cash Management Obligations from time to time.

Accordingly, Agent and the IP Grantors agree as follows:

SECTION 1. Each IP Grantor represents and warrants to Agent and the other Secured Parties that this Supplement has been duly authorized, executed and delivered by it and constitutes its legal, valid and binding obligation, enforceable against it in accordance with its terms, except as such enforceability may be limited by Debtor Relief Laws and by general principles of equity.

SECTION 2. This Supplement may be executed in counterparts (and by different parties hereto on different counterparts), each of which shall constitute an original, but all of which when

taken together shall constitute a single contract. This Supplement shall become effective when Agent shall have received a counterpart of this Supplement that bears the signature of the IP Grantors, and Agent has executed a counterpart hereof. Delivery of an executed signature page to this Supplement by facsimile transmission or other electronic communication (including “.pdf” or “.tif” files) shall be as effective as delivery of a manually signed counterpart of this Supplement.

SECTION 3. Each IP Grantor hereby represents and warrants, as to itself, that set forth on Schedule I attached hereto is a true and correct schedule of the Collateral owned by such IP Grantor consisting of (i) issued and pending Patents in the United States Patent and Trademark Office, (ii) registered Trademarks and Trademarks for which applications are pending in the United States Patent and Trademark Office (excluding any Excluded ITU Applications) and (iii) registered Copyrights in the United States Copyright Office.

SECTION 4. Each IP Grantor hereby grants to Agent, its successors and assigns, for the benefit of the Secured Parties, a security interest and continuing lien on in all of such Grantor’s right, title or interest in or to any and all of the following assets and properties now owned or at any time hereafter acquired by such Grantor or in which such Grantor now has or at any time in the future may acquire any right, title or interest (collectively, the “IP Collateral”):

(a) the issued and pending Patents (as defined in the Security Agreement) in the United States Patent and Trademark Office set forth in Schedule I hereto, together with all divisionals, continuations, continuations-in-part, reissues, reexaminations, and extensions thereof, and all income, royalties, proceeds and Liabilities at any time due or payable or asserted under or with respect to any of the foregoing or otherwise with respect to such Patents, including all rights to sue or recover at law or in equity for any past, present or future infringement, violation or other impairment thereof, and, in each case, all rights to obtain any other of the foregoing rights;

(b) the registered Trademarks (as defined in the Security Agreement) and Trademarks for which applications are pending in the United States Patent and Trademark Office set forth in Schedule I hereto, together with all renewals thereof, and all income, royalties, proceeds and Liabilities at any time due or payable or asserted under or with respect to any of the foregoing or otherwise with respect to such Trademarks, including all rights to sue or recover at law or in equity for any past, present or future infringement, dilution, violation or other impairment thereof, and, in each case, all rights to obtain any other of the foregoing rights (but excluding any United States “intent-to-use” trademark application prior to the filing and acceptance of a “Statement of Use” or “Amendment to Allege Use” with respect thereto, to the extent, if any, that, and solely during the period, if any, in which, the grant, attachment or enforcement of a Security Interest hereunder would impair the validity or enforceability of such intent-to-use trademark application or any registration issuing therefrom under applicable federal law); and

(c) the registered Copyrights (as defined in the Security Agreement) in the United States Copyright Office set forth in Schedule I hereto, together with all reversions, renewals and extensions thereof, and all income, royalties, proceeds and Liabilities at any time due or payable or asserted under or with respect to any of the foregoing or otherwise with respect to such Copyrights, including all rights to sue or recover at law or in equity

for any past, present or future infringement, violation or other impairment thereof, and, in each case, all rights to obtain any other of the foregoing rights.

SECTION 5. The grant of a security interest in the Collateral by each IP Grantor under this Supplement secures the payment of all Obligations of such Grantor now or hereafter existing under or in respect of the Loan Documents, whether direct or indirect, absolute or contingent, and whether for principal, reimbursement obligations, interest, premiums, penalties, fees, indemnifications, contract causes of action, costs, expenses or otherwise. Without limiting the generality of the foregoing, this Supplement secures the payment of all amounts that constitute part of the secured Obligations and that would be owed by such IP Grantor to any Secured Party under the Loan Documents but for the fact that such secured Obligations are unenforceable or not allowable due to the existence of a bankruptcy, reorganization or similar proceeding involving a Credit Party.

SECTION 6. This Supplement has been entered into in conjunction with the provisions of the Security Agreement. Each IP Grantor does hereby acknowledge and confirm that the grant of the security interest hereunder to, and the rights and remedies of, Agent with respect to the Collateral are more fully set forth in the Security Agreement, the terms and provisions of which are incorporated herein by reference as if fully set forth herein. In the event of any conflict between the terms of this Supplement and the terms of the Security Agreement, the terms of the Security Agreement shall govern.

SECTION 7. Each IP Grantor authorizes and requests that the Register of Copyrights and the Commissioner for Patents and Trademarks and any other applicable government officer record this Supplement.

SECTION 8. Except as expressly supplemented hereby, the Security Agreement shall remain in full force and effect.

SECTION 9. THIS SUPPLEMENT SHALL BE GOVERNED BY, AND CONSTRUED IN ACCORDANCE WITH, THE LAW OF THE STATE OF NEW YORK.

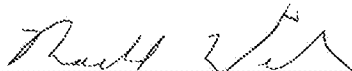

SECTION 10. The illegality or unenforceability of any provision of this Supplement or any instrument or agreement required hereunder shall not in any way affect or impair the legality or enforceability of the remaining provisions of this Supplement or any instrument or agreement required hereunder.

SECTION 11. All communications and notices hereunder shall be in writing and given as provided in Section 6.01 of the Security Agreement.

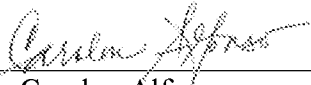

[Remainder of Page Intentionally Blank]

IN WITNESS WHEREOF, each IP Grantor and Agent have duly executed this Supplement to the Security Agreement as of the day and year first above written.
