OP \$40.00 3261823

Registrant submits this request to the Assignment Recordation Branch for the subject registration (U.S. Reg. No. 3261823) to correct Registrant's legal entity type.

Registrant ESM Technologies LLC is, and has always been, a Missouri limited liability company. Due to a clerical error made in good faith by Registrant's former counsel, the legal entity type for Registrant was mistakenly listed as a "Missouri corporation" on the Trademark Assignment Cover Sheet for the 2009 assignment to Registrant (Reel/Frame 4035/0823). The entity status "corporation" is therefore currently reflected for Registrant in the USPTO records.

Pursuant to the procedures set forth in TMEP §503.06(a), Registrant respectfully requests correction of the typographical error on the previously recorded cover sheet to correct the entity type for Registrant from a Missouri corporation to a Missouri limited liability company. Accordingly, Registrant is submitting with this request: (1) a completed new cover sheet containing the correct information; (2) a copy of the originally recorded assignment document; (3) a copy of the previously recorded, original cover sheet containing the erroneous information; and (4) the required fee for the registration to be corrected.

Registrant believes that, because this was a clerical error that did not accurately reflect the information in the supporting assignment document, the requested correction does not affect title to the subject registration. TMEP §503.06(a)(i). Further, the error is correctable pursuant to TMEP §1201.02(c)(7), because Registrant has never existed as a corporation.

The required fee for this amendment is being paid electronically. In the event that the electronic payment fails, the Office is authorized to charge any necessary fees to the undersigned attorney's deposit account, no. 50-0573.

If any questions remain outstanding, kindly contact Registrant's counsel at [tore.debella@faegredrinker.com](mailto:tore.debella@faegredrinker.com) or 202-842-8800.
