INTELLECTUAL PROPERTY SECURITY AGREEMENT

This Intellectual Property Security Agreement (this “Agreement”) is made as of October 5, 2022, by ANONOS IP LLC, a Delaware limited liability company (“Grantor”), in favor of ANKURA TRUST COMPANY, LLC, in its capacity as administrative agent and collateral agent for the Lenders defined below (in such capacity, “Agent”).

WHEREAS, pursuant to that certain Term Loan and Security Agreement, dated as of October 5, 2022 (as amended, restated, supplemented or otherwise modified from time to time, the “Credit Agreement”), by and among Grantor, Anonos Inc., a Delaware corporation (“Borrower”), such other Persons as may hereafter become Borrowers or Guarantors thereunder, the Persons which are now or which hereafter become lenders thereunder (collectively, the “Lenders” and each individually a “Lender”) and Agent, the Lenders agreed to make certain financial accommodations available to the Borrower from time to time pursuant to the terms and conditions thereof; and

WHEREAS, in order to induce the Lenders and Agent to enter into the Credit Agreement, Grantor has agreed to guaranty Borrower’s payment and performance of the Obligations under and as defined in the Credit Agreement pursuant to the Guaranty and Suretyship Agreement, dated as of October 5, 2022, by and between Grantor and Agent (as amended, restated, supplemented or otherwise modified from time to time, the “Guaranty”); and

WHEREAS, pursuant to the Credit Agreement, Grantor is required to execute and deliver to Agent, for the benefit of the Lenders, this Agreement.

NOW, THEREFORE, in consideration of the premises and mutual covenants herein contained and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Grantor hereby agrees as follows:

1. DEFINED TERMS. All capitalized terms used but not otherwise defined herein have the meanings given to them in the Credit Agreement.

2. GRANT AND REAFFIRMATION OF SECURITY INTEREST. To secure Grantor’s prompt payment and performance of the Guaranteed Obligations, as defined in the Guaranty, and the Obligations as provided in the Credit Agreement, Grantor hereby grants to the Agent for its benefit and the benefit of the Lenders, and hereby reaffirms its prior grant, pursuant to the Credit Agreement, of a continuing security interest in, and to, and Lien on all of Grantor’s right, title and interest in, to and under the following Collateral, whether presently existing or hereafter created or acquired, and in all cases excluding any Excluded Property (collectively, the “IP Collateral”):

(a) all of Grantor’s copyright and mask work registrations and applications and all of Grantor’s registrations of exclusive inbound copyright license rights (collectively, “Copyrights”), including, without limitation, those United States Copyrights referred to on Schedule 1 hereto;

(b) all of Grantor’s patents and patent applications (collectively, “Patents”), including, without limitation, those United States Patents referred to on Schedule 1 hereto;

(c) all of Grantor’s trademarks, service marks, trade names, trade dress and registrations and applications for the foregoing (collectively, “Trademarks”), and all of the

goodwill of the business connected with the use of, and symbolized by, each Trademark, including, without limitation, those United States Trademarks referred to on Schedule 1 hereto;

(d) any issued Patents, registered Trademarks, or registered Copyrights issuing on or from any applications included in the foregoing;

(e) all reissues, reexaminations, continuations, continuations-in-part, divisionals, extensions, or renewals, as applicable, of the foregoing; and

(f) all products and proceeds of the foregoing, including without limitation any claim by Grantor against third parties for past, present or future infringement, dilution, misappropriation or other violation of any of the foregoing.

3. SECURITY FOR OBLIGATIONS. This Agreement and the security interest granted herein secure the prompt payment and performance of the Guaranteed Obligations under the Guaranty and the Obligations under the Credit Agreement. Without limiting the generality of the foregoing, this Agreement secures the payment of all amounts which constitute part of the Guaranteed Obligations or the Obligations and would be owed by Grantor to Agent, the Lenders or any of them pursuant to the Guaranty or the Credit Agreement.

4. CREDIT AGREEMENT. The security interests granted pursuant to this Agreement are granted in conjunction with the security interests granted to Agent, for the benefit of the Lenders, pursuant to the Credit Agreement and shall not be construed to enhance, extend or limit the rights, obligations, representations and warranties, or remedies of any party thereunder. Grantor hereby acknowledges and affirms that the rights and remedies of Agent with respect to the security interest in the IP Collateral made and granted hereby are more fully set forth in the Credit Agreement, the terms and provisions of which are incorporated by reference herein as if fully set forth herein. In the event that any term or provision of this Agreement conflicts or is inconsistent with any term or provision of the Credit Agreement, the provisions of the Credit Agreement shall control.

5. GOVERNING LAW. This Agreement and the transactions contemplated hereby, and all disputes between the parties under or relating to this Agreement or the facts or circumstances leading to its execution, whether in contract, tort or otherwise shall, in accordance with Section 5-1401 of the General Obligations Law of the State of New York, be construed in accordance with and governed by the laws (including statutes of limitation) of the State of New York, without regard to conflicts of law principles that would require the application of the laws of another jurisdiction.

6. COUNTERPARTS. This Agreement may be executed in any number of counterparts, each of which shall be deemed to be an original, but all such separate counterparts shall together constitute but one and the same instrument. Any signatures delivered by a party by facsimile transmission or by e-mail transmission and any electronic, electronic image scan transmission or photocopied manual signature shall be deemed and shall for all purposes have the same legal effect as an original signature hereto.

7. CONSTRUCTION. Unless the context of this Agreement clearly requires otherwise, the term "or" has, except where otherwise indicated, the inclusive meaning represented by the phrase "and/or." Section, subsection, clause, schedule, and exhibit references herein are to

this Agreement unless otherwise specified. Any reference herein to any Person shall be construed to include such Person's successors and assigns.
