U.S. INTELLECTUAL PROPERTY SECURITY AGREEMENT

This U.S. INTELLECTUAL PROPERTY SECURITY AGREEMENT (the “**IP Security Agreement**”) dated October 9th, 2022, is made by and between (i) Ensignen Inc. (the “**Grantor**”) a company incorporated in Delaware whose registered offices are at 251 Little Falls Drive, Wilmington, New Castle, Delaware, 19808, and (ii) Kreos Capital VII Aggregator SCSp (“**Kreos**”), a limited partnership incorporated in Luxemburg under registered number B264706 whose registered office is at 1 Boulevard de la Foire, Luxemburg.

WHEREAS, CHEQ AI Technologies (2018) LTD. (the “**Borrower**”) and Kreos, have entered into that certain Agreement for the Provision of a Loan Facility dated as of July 11, 2022 (the “**Loan Agreement**”); and

WHEREAS, as a condition to the Lender providing the loans under the Loan Agreement (i) the Grantor and additional guarantors entered into that certain Guaranty Agreement dated September 15, 2022 (the “**Guaranty Agreement**”), and (ii) Grantor agreed to grant a security interest in the intellectual property of the Grantor to Kreos to secure the Secured Obligations (as defined below) and to execute this IP Security Agreement for recording with the U.S. Patent and Trademark Office on any registered intellectual property owned by it throughout the term of this IP Security Agreement.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, and intending to be legally bound hereby, the parties agree as follows:

Section 1. Grant of Security. Grantor hereby grants to Kreos a security interest in and to all right, title and interest to (i) the registered United States patents and pending applications as set forth in **Schedule A** hereto together with all reissues, divisions, continuations, continuations-in-part, extensions and reexaminations thereof, and all rights therein provided by international treaties or conventions (the “**Patents**”), (ii) the registered trademarks, service marks, trade names and domain names, and applications therefore as set forth in **Schedule A** hereto together with all goodwill associated with such trademarks and service marks and all rights therein provided by international treaties or conventions (the “**Trademarks**”), and (iii) all copyrights and registrations and applications therefore set forth in **Schedule A** (the “**Copyrights**”), all as currently owned by the Grantor or which shall be owned in the future by the Grantor subject to Section 7 below (the “**Collateral**”). Schedule A shall be updated pursuant to Section 3.9 of the Loan Agreement upon the application for, or acquisition of, any new Patents or Trademarks in the United States by the Grantor, and the Grantor shall file amendments to Schedule A to that effect, all pursuant and subject to said section of the Loan Agreement.

Section 2. Security for Obligations. The grant of a security interest in the Collateral by Grantor to Kreos under this IP Security Agreement secures the performance of any and all Obligations (as defined in the Guaranty Agreement) and any and all obligations of the Borrower for the payment of all amounts, liabilities and indebtedness (whether for principal, interest, reimbursement, fees, charge, indemnification or otherwise) now or in the future owed to Kreos, and for the performance by the Borrower of its agreements, covenants and undertakings,

in each case under or in respect of any and all of the Loan Documents (as defined in the Guaranty) (the “**Secured Obligations**”).

Section 3. Recordation. Grantor authorizes and requests that the Commissioner of Patents and Trademarks record this IP Security Agreement.

Section 4. Right to Request Information. Kreos shall have the right to request, and Grantor shall promptly provide upon such request, information reasonably required in order to confirm that Schedule A is updated.

Section 6. Governing Law; Forum for Dispute Resolution. Delaware law governs this IP Security Agreement without regard to principal conflicts of law. The Grantor accepts jurisdiction of the courts and venue in Delaware. Notwithstanding the foregoing, Kreos shall have the right to bring any action or proceeding against the Grantor or its property in the courts of any other jurisdiction which Kreos deems necessary or appropriate in order to realize on the collateral or to otherwise enforce Kreos' rights against the Grantor or its property, including the courts of the state of Israel. The Grantor and Kreos waive their right to a jury trial of any claim or cause of action arising out of or based upon this IP Security Agreement, the loan documents or any contemplated transaction, including contract, tort, breach of duty and all other claims. This waiver is a material inducement for both parties to enter into this IP Security Agreement. Each party has reviewed this waiver with its counsel.

Section 7. Termination. This IP Security Agreement and the security interest granted hereunder to Kreos shall terminate and be of no force upon satisfaction in full of the Secured Obligations. Upon termination of this IP Security Agreement and the security interest granted to Kreos hereunder, Kreos shall execute all documents reasonably necessary to remove the security interest granted by Grantor hereunder and take any action reasonably necessary to remove the security interest granted by Grantor hereunder, including without limitation, the filing of a Termination Statement in the USPTO for the affected Patents and Trademarks.

[REMAINDER OF PAGE LEFT INTENTIONALLY BLANK]
