*Citropol mark is registered for Class 1 (chemicals), allowed for Class 3 (oils for cosmetics), and pending for Class 1 and 3 (chemicals and oils for cosmetic, hair styling, skin care)

NOTE: Allowed Applications require the submission of evidence showing use of the mark in interstate commerce before they can become registered. A specimen demonstrating such use is required, and for a product, it is normally a photograph of packaging demonstrating that the mark is associated with a product. For a service, it is generally an advertisement demonstrating that the mark is associated with a service being offered. Once a mark is allowed, the applicant has an initial 6-month deadline to file a specimen demonstrating use, and the deadline is extendable for a total period of 3 years from the date of allowance in 6-month increments, with the payment of extension fees. Failure to file a specimen within the 3-year period results in abandonment of the mark application.

NOTE: A registered trademark can remain valid for as long as the mark remains in use, but the registration must be renewed every ten years. During the sixth year of registration, a declaration of continued use must be filed, and a declaration may also be filed to render the mark incontestable.
