THIS TRADEMARK ASSIGNMENT AGREEMENT (“Assignment”) is entered into by and between **Panduit Corp.**, a Delaware corporation, having its principal office and place of business at 18900 Panduit Drive, Tinley Park, Illinois 60487 (“Assignor”) and **CAILabs SAS**, a French simplified joint-stock company, having its principal office and place of business at 1 Rue Nicolas Joseph Cugnot 35000 Rennes, France (“Assignee”) (Assignor and Assignee are each a “Party” and collectively the “Parties”) and is effective as of the date of the last signature below (the “Effective Date”).

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Assignor hereby irrevocably assigns, transfers, and conveys to Assignee, and Assignee hereby accepts from Assignor, all of Assignor’s full and complete rights, title and interest in and to the Trademark in the United States and throughout the world, all rights appurtenant thereto, including any common law rights, together with the goodwill associated with said Trademark, and the goods and services on which the Trademark is used and for which it is applied for registration.

Assignor further assigns to Assignee all rights to sue for, recover from and receive all damages, at Assignee’s discretion, occurring from past, present and future infringing or misappropriating uses of the Trademarks by any third-party.

Assignor agrees to provide reasonable assistance to Assignee in connection with information and documentation that may be required for the transfer, assignment, and maintenance of the Trademark.
