TRADEMARK ASSIGNMENT

This TRADEMARK ASSIGNMENT (this “**Assignment**”) is made as of November 28, 2022, by and between Natural Sweet Ventures, a Delaware limited liability company (“**Assignor**”) and United States Sugar Savannah Refinery, LLC, formerly known as Ibis Acquisition, LLC, a Delaware limited liability company (“**Assignee**”).

WHEREAS, the Assignor is the owner of a certain Trademark used in or related to the business of (i) sourcing of raw sugar for use in producing refined sugar and (ii) developing, producing, marketing, promoting, packaging, distributing, and selling refined sugar and any products related to or associated with any of the foregoing, into any channel of distribution or end-market (the “**Business**”);

WHEREAS, in connection with the execution of the certain Asset Purchase Agreement dated as of March 24, 2021, as amended (the “**Agreement**”) by and among the Assignor and the other parties thereto, the Assignor has agreed to transfer to Assignee all of its right, title and interest in and to, other than certain Seller-Retained Marks, the Trademark related to or used in the Business together with the goodwill of the business associated therewith including those set forth in Exhibit A (the “**Assigned Trademark**”); and

WHEREAS, the Assignor desires to assign all of its right, title and interest in and to the Assigned Trademark to the Assignee and the Assignee desires to acquire the Assigned Trademark.

NOW, THEREFORE, for good and valuable consideration set forth in the Agreement, the receipt and sufficiency of which is hereby acknowledged, the Assignor and the Assignee hereby agree as follows:

1. The Assignor does hereby irrevocably sell, assign, transfer, convey and deliver to the Assignee all of its right, title and interest, in and to the Assigned Trademark, and all of the goodwill of the Business associated with the Assigned Trademark, together with that portion of the Business to which the Assigned Trademark pertains, and all registrations and pending applications for the Assigned Trademark, any renewals of the registrations for the Assigned Trademarks for the Assignee’s own use and enjoyment, as fully and entirely as the same would have been held and enjoyed by the Assignor if this Assignment had not been made, together with all causes of action for any and all previously occurring infringement of the rights being assigned and the right to receive and retain the proceeds relating to those infringements.

2. The Assignor hereby requests the Commissioner for Trademarks at the United States Patent and Trademark Office (the “**Commissioner**”), as well as his or her counterparts at the corresponding entities or agencies in any country or jurisdiction that may exercise authority over the Assigned Trademark, record this Assignment. The Assignor hereby further requests the Commissioner and his or her non-US counterparts issue any and all trademark registrations resulting from applications among the Assigned Trademark or derived therefrom to the Assignee as assignee of the entire interest therein.

3. This Assignment is in all respects subject to the provisions of the Agreement and is not intended in any way to supersede, limit, qualify or expand any provision of the Agreement. All capitalized terms not defined herein shall be assigned the meaning set forth in the Agreement. In the event of a conflict between the terms and conditions of this Assignment and the terms and conditions of the Agreement, the terms and conditions of the Agreement shall govern, supersede, and prevail.

4. Upon reasonable request by the Assignee, the Assignor will execute further papers (including, without limitation, the execution and delivery of any and all affidavits, declarations, oaths, samples, exhibits, specimens, assignments, or other documentation) and do such other acts as may be necessary or reasonably requested by the Assignee in order to more fully carry out the purpose hereof.

5. This Assignment may be executed in any number of counterparts (including by means of facsimile and electronically transmitted portable document format (pdf) signature pages), each of which shall be an original but all of which together shall constitute one and the same instrument.

6. This Assignment shall be governed by and construed in accordance with the domestic laws of the State of Delaware without giving effect to any choice or conflict of law provision or rule (whether of the State of Delaware or any other jurisdiction) that would cause the application of the laws of any jurisdiction other than the State of Delaware.

7. No amendment of any provision of this Assignment shall be valid unless the same shall be in writing and signed by the Assignor and the Assignee. No waiver by any party of any provision of this Assignment or any default or breach of covenant hereunder, whether intentional or not, shall be valid unless the same shall be in writing and signed by the party against whom the waiver is to be effective nor shall such waiver be deemed to extend to any prior or subsequent default or breach of covenant hereunder or affect in any way any rights arising by virtue of any prior or subsequent such occurrence.

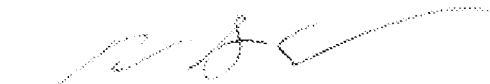

8. This Assignment shall be binding upon, and shall inure to the benefit of, the parties hereto and their respective successors and assigns.
