8. Domain Name Transfer. To effectuate the assignment of the domain name(s) included in the Assigned Intellectual Property, each Assignor agrees to take any and all actions that are necessary to perfect the assignment of the domain names and/or to transfer control of the domain names to Assignee (subject to such Assignor's rights under the License Agreement). These actions may include, but are not limited to, promptly (i) unlocking the domain names and providing the authorization code for the domain names to Assignee; (ii) executing and/or completing such other additional documents or forms as are delivered to such Assignor by Assignee or the applicable registrar; and (iii) taking the necessary steps required by the applicable registrar to transfer the domain names to Assignee. (a) Severability. The provisions of this Agreement shall be severable, and if any provision of this Agreement shall be held or declared to be illegal, invalid, or unenforceable in any jurisdiction, such illegality, invalidity or unenforceability shall not affect any other provision hereof or the interpretation and effect of the Agreement as to any other jurisdiction, and the remainder of Agreement, disregarding such illegal, invalid or unenforceable provision shall continue in full force and effect as though such illegal, invalid, or unenforceable provision had not been contained herein.

(b) **Governing Law.** This Agreement shall be governed by and construed in accordance with the internal laws of the State of Delaware without giving effect to any choice or conflict of law provision or rule (whether of the State of Illinois or any other jurisdiction).

(c) **No Modifications.** This Agreement may not be released, discharged, abandoned, amended, changed or modified in any manner except in an instrument signed by each of the parties hereto.

(d) **Authority.** The persons signing below on behalf of Assignors and Assignee hereby personally warrant and guaranty their authority to bind Assignors and Assignee to this Agreement.
